

Crestwood was created as a religious retreat in 1895. Today the 200 acre estate, main house, chapel, and Pavilion are meant to be your restorative haven. Let your requests be our prime concern. And, yes, we welcome your children. They won't get in anyone else's way because you'll be our only guests!

The Pavilion and Rectory at Crestwood stand alone in a garden on manicured grounds. They feature master bedrooms with a king-sized beds, televisions, multi-line phone systems, and plenty of closets. The living/dining areas are roomy and are completely outfitted for your relaxation with comfortable furniture, television (satellite TV), stereo, VCR, and twin fireplaces. The spacious bathrooms have whirlpool spas and oversized showers. There are also gourmet kitchens and laundry facilities. A tea house with an unforgettable view is adjacent to both the Pavilion and the Rectory.

Ideas for your stay

You're in the Pavilion, a private, luxury house with marble floors, gourmet kitchen, double fireplace, and whirlpool spa. We have beds for the kids and a babysitter to tend them. But if you as a couple need some time away ... well, you could leave the kids at home. You won't find more complete privacy than you'll find here at Crestwood.

At the Pavilion you have a kitchen to which your own at home probably doesn't compare. So eat in if you like. Or let us give you the grand cuisine we're known for ... and in the morning the croissants will be delivered hot to your door.

If you become so enamored of Crestwood that you find it hard to leave, next time plan to stay a while longer. The unparalleled pampering of the Pavilion is available for extended stays, as well.
